

## No One Else

(Alexandre PARENT - Stéphane LEULIER - 2012)

I was just playing in the sand  
When a wave tried and take me with all my castles  
Your hand was tough and you had all my trust  
You and I took a safe way back home

No one else (x4)  
Can drive me home

When I'm confessing the worst of my deeds  
To the only one who can help out  
No fear of opening my darkest recesses  
No doubt, you're my best friend of all
