

Right Or Wrong

(Alexandre PARENT - Stéphane LEULIER - 2012)

Looking out the window down and up
I feel the answer will never show up
Standing still alone deep in the fog
Locked in the same page of my life blog

Am I late or is it just not my time?

Right or wrong am I right or wrong
Thinking it's not my place
All day long I feel I don't belong
Here but I can't face

Watching life moving on around me
Like a static image in an movie
When did I choose the wrong direction
To find myself lost in this confusion

Am I late or is it just not my time?
