

Waiting for you

(Alexandre PARENT - Stéphane LEULIER - 2013)

When the day is only coming,
When my eyes don't even wanna smile,
I'm waiting for you

When I walk and see the whole world,
I'm just thinking about us,
Are you waiting for me ?

ouh, ouh...

Standing here behind the highway,
Vision of you in my own way,
I'll come back for you

If you think I'd better stay here,
I don't know why I'm going,
Are you waiting for me ?

ouh, ouh...

When I come back another day,
I need to know if you'll be there,
When I come back another day,
Will you be there ?
